“ I remember Betty, to me Mrs. Glahn, as a loyal daughter-in-law to Etta Glahn, a supporting wife to Earl, to me Mr. Glahn, and as the loving yet firm mom to Terre and Robin. Fond memories of time in her home and time spent with members of her family continue to this day. May God bless her memory and those who called her "mom."

“ Betty was a childhood friend of my mother...Doris Wood Murphy. I am Doris' daughter...and remember my mother talking about "the girls".. throughout the years. Carolyn Baimsburger Colborn, Kootchie Klein, Eugenie Hines, Betty and Doris....They had many fun times as young ladies from Santa Paula and maintained their friendship throughout the years. I just happened to be in Santa Barbara today and saw the notice in the newspaper. I am speaking for my mother...Doris....as she has Alzheimers and cannot comprehend the loss of Betty....But I know she would wish her safe travel and happy reuniting with her husband in the next adventure. Our condolences to all the family members. We are lucky to have had Betty for 90 great years.

“ Thank you for sharing a few memories. My grandmother had so many Santa Paula stories and memories she cherished. I heard your mother's name growing up!

“ Betty will always be remembered as the best baker of apple pie. A larger nor more delicious one have I ever tasted. It wasn't the only time she blessed the Edison office employees with her baking skills. To be invited to her home for an event was a joy to be treasured. In retirement years, Janis Jennings, Betty and I enjoyed long lunches semi-annually for several years, usually on the veranda of the El Escorial where she shared stories from her childhood. Rest in peace, Betty.

“ Earl, or in my world back then, MR Glahn inspired me to become an athlete and an honest person. He was one of my favorite and respected teachers. If he was married to Betty, she must have been a wonderful person. Sorry to hear of her passing. my respects.

“ Thank you Lynda for sharing. Back in the day when many ladies didn't work my grandma loved it. She said she knew she would never be able to sleep again after retiring.

“ Jeff - My grandfather passed back in November 2007 but stayed an remarkable person and athlete. He did weighs at home, maintained a huge property in Santa Barbara, and was part of a rare breed of wind surfing water skiing grandparents. He lived my a moral code which is all too rare. Truly an inspiring example.
