“ My deepest condolences to all of Elizabeth's family. My thoughts are with you as I try to process the loss of Elizabeth. We worked together for several years and she was a pleasure to work with. She was always enthusiastic to take on new responsibilities and she helped me by bringing some of her enthusiasm into my work life. We had many long conversations that I missed when she took another position although we remained friends after we no longer worked together. Unfortunately we lost contact over the last couple of years and I regret not calling her when I thought of her.

I know she loved Anthony very much and of course Shadow always seem to bring a smile to her face.

I remember hiking with her out on More Mesa once and we got so involved in our conversation that we didn't know where we were and couldn't find our way back to the car! She ended up calling Brian and he helped us to get back on the right path.

Wish I'd called her just one more time.

“ Condolences to the family of Beth. I know your loss is felt deeply and I join you in sadness...feeling loss for your daughter, Jane--and for your mother, Tony---my heart goes out to you. There is the feeling of an empty chair in the rooms where our mutual friends often meet. Beth was a very kind and loving person. I never heard her say an unkind word about anyone, or heard anyone else say anything negative about her. We know there are no saints in our world, but Bethie was very close. She was an inspiration to many with her unwavering faith, and her memory will always be in my heart.
