“ We are just learning about Ryan's accident today. We are shocked and deeply saddened to learn of Ryan's passing. Ryan used to ride his bike all over the place including to our house. He would visit awhile and was always so kind and enthusiastic about whatever he was doing at the time. He had a beautiful spirit and smile. Our condolences go out to the entire Bollay family. We are so sorry for your loss.

“ Ryan was my nephew
When we were at lizards rock when he was five he fell down in the crack of rock we were hiking near he was OK but we were all worried to death
But it shows even at five he was adventurous and fearless
And a great soul to play with

“ Ryan was always in motion. (We know that everyone says so, but that is what comes to mind.) We cannot imagine him any other way, he would not have been Ryan; the boy with wheels on his feet. We loved him as Ryan, he touched our life, but in spirit he represented something more, something unique, we miss him deeply.

“ I remember Ryan as a happy and lively little boy at Cold Spring School. He was never in my class, yet his vibrant spirit as a member of our community lives on in my memory. My thoughts and prayers are with Ryan's family. May the happy memories sustain you through this difficult time.

“ We stopped by your Santa Ynez home a couple years ago. Had a nice visit with Tami and took a tour of the place. Also, out front, Ryan and Denny were loading a pickup truck with hay--perhaps it was hay. I still have that picture in my mind. Two healthy men, working together, and having fun. We were devastated to hear of Ryan's accident. We were at a board meeting July 16th (a board Tami used to be on), when Darrell and Phyllis announced that they had seen the report about Ryan on KEYT. On behalf of ourselves and the members of the board, we have the utmost in sympathy for you, and to a lesser degree, please know that we are hurting, also. We are praying that our Lord will somehow provide you with comfort and peace, even though, from a human perspective, this does not seem possible. We send our love and prayers.

Bruce and Jeanette Casserly
And daughter, Daly, who was with us on that visit.
