

AliceJoy TarBush

April 20, 1927 - October 22, 2023

Alice Joy (Chard) TarBush, a beloved mother, grandmother, great grandmother, teacher, and friend, passed away peacefully on October 22, 2023, in Goleta, California. Born on April 20, 1927, in Santa Barbara, California, Alice was loving, caring, generous, and brilliant. Being an educator in Santa Barbara for over 65 years, her warmth and kindness touched the lives of thousands of students, parents and peers. Alice spent her final days with family close by her side and showed us how strong a woman we always knew her to be.

Alice was the cherished mother of Allyn, Allyson, Eldyn and Charlynn. She was the loving wife of the late Charles Forbes TarBush. Alice was the daughter of Arturo (Arthur) Disidarios Chard and Lydia Esolena Kennedy Chard and the eldest of five children: Arthur Chard, Gwendoline Pellamounter, Shirley Kunze and Jack Chard. She is survived by many loving individuals, including her children Allyson, Eldyn, and Charlynn, her brother Jack and sister Shirley, along with nine grandchildren and nine great-grandchildren. She was preceded in death by her parents Arthur and Lydia, her husband Charles, her eldest son Allyn, her brother Arthur, and sister Gwen.

Alice was born in her parents' home on Chino Street, and spent her entire life in the Santa Barbara area. She attended local schools including Harding elementary, La Cumbre Junior High and then Santa Barbara High School. In

1944, the University of California established a Santa Barbara campus on the Riviera, and Alice had the distinction of being a member of the first four-year class to graduate from UCSB in 1948. In February of 1948, she started her career with her first teaching position at Roosevelt Elementary School. During the following three summers, while not teaching, she studied at Stanford University. She earned a Master's degree as well as a supervisory and administrative credential. Alice devoted her life to the Santa Barbara school system. For over 65 years she excelled in the dream job she always knew would be hers. We have all heard this quote from Alice many times, "I knew I wanted to be a teacher in second grade. I never changed my mind, and I never regretted it." Her accomplishments and positions included developing the Gifted and Talented Education Program, elementary school curriculum development, elementary school teacher, substitute principal, vice principal and principal. Toward the end of her career, she moved to La Cumbre Junior High as a part-time reading support helper in the Read 180 program, CELDT tester, substitute teacher and vision/hearing tester for the district. Some students will remember the perfectly matched suits and shoes, while others will remember the hilarious Halloween costumes or the times Alice got up there and danced with joy right along with them. But all will remember Mrs. TarBush, the teacher who cared deeply for each of them.

In 1949 she met the love her life Charles TarBush. They were married for 41 years until Charles passed. Alice and Charles were the beloved parents of four children. Alice was incredibly proud of her nine grandchildren and nine great-grandchildren as well. Alice and Charles loved to travel and see different places. They made each other laugh and leaned on each other as Charles battled the cancer that eventually ended his life. Being married on August 1st, they celebrated their marriage by continuously going on a "date" the 1st day of every month.

Alice's interests were as varied as they were passionate. She loved reading,

cooking shows, traveling, a generous slot machine, and a delicious San Francisco Cioppino paired with a nice glass of red wine. She was a lifelong learner and her curiosity always had her looking for new ways to make great things happen. Alice also felt service to the community was extremely important and was a driving force in numerous organizations including: The American Legion 840 Auxiliary, Alpha Delta Kappa, Native Daughters of the Golden West, and a past officer for the California Teachers Association. The qualities of engagement, involvement, participation, and generosity were values that were second nature to Alice. If something needed to be done and be done quickly and correctly, the call always went out to Alice.

Alice will be remembered as a loving mother, grandmother, great grandmother, devoted sister, dedicated lifelong teacher, and a faithful friend. Her legacy will live on in the hearts of her family, her students, and all who had the privilege of knowing her. She will be dearly missed, but her bright light will continue to inspire and guide those she left behind.

“ Have been a stranger to the Tarbush family for many, many years. Sorry to hear of her passing. She was always welcoming and kind. Quick with a joke or a martini. Hope the entire family finds peace.

“ My sympathy to Mrs. TarBush's family. I was a student at Harding School thru out my elementary school years.. For the 1954-1955 school year I was lucky enough to be placed in Miss Chard/Mrs TarBush's class which was a split 5th-6th grade class. Everybody wanted to be in her class! I can picture her now with her great enthusiasm for teaching and love for her students!

“ I have so many special memories about My Aunt Alice. She was always so thoughtful -- she used to come over to our house with a large tray of delicious homemade enchiladas. My dad especially loved her enchiladas. She did so many lovely things to help and remember each one of us. Another wonderful memory is when we would visit Santa Barbara, she would drive us all around town and take us out. She would buy a bushel of fresh strawberries or apricots, some flowers.... perfect timing and so caring! I could almost write a book of my fond memories and her selfless acts. Here is one more...when I got out of high school, I helped her in her classroom. She was such an awesome teacher and mentor (the best!). God blessed her to be the superb educator that she was born to be. My daughter and I love you Dear Aunt Alice! Santa Barbara has lost an exceptional lady!

“ *Condolences to you all. Mrs. TarBush was in the top 5 of all the teachers I ever had throughout grammar school up to the end of college. I was in her split 5th/6th grade class in 1959-1960 at Harding School. She had a gift of being able to keep that prepubescent crowd together, learning and enjoying being in school every week day and coming back for more after every holiday break.*

Wonderful person...we are all lucky she crossed our paths. .

“ *It distresses me greatly that I will not be able to attend the services. My heart aches for all of you at this time of great loss. She never wanted to be put up on a pedestal but they don't make them like her every day. I loved her, admired her and enjoyed all my discussions with her so very much. I was lifted up by her counsel and my life enriched by her presence. My namesake, my Aunt Alice, will be greatly missed. Blessings on you all.*
