“ *Anadelle will be forever be a part of my Heart. She was a very wonderful person to me. We had many wonderful times talking about KOBE and the LAKERS. Her LOVE. I enjoyed watching her at the LAKER games and her meeting and talking to The Laker announcers and General Manger Mitch Kupchak. She even made the Jumbo Tron. A group of people outside the Staple Center recognized her and took a picture with her. She felt like a *STAR* I will never forget that and I will never forget her. She is with JESUS now and that makes my Soul extremely happy. Having the time of her life. I will Love her forever.*
