“ I miss grandma so very much. I didn't see much of her when I grew up, but the times she did come over to Florida / Hawaii and the times me and my sister saw her when we had a chance to visit, I will cherish it forever. She is a very awesome person. It tears me up to say or even utter a goodbye as she flies to heaven to see her long awaited husband and Heidi, Auntie Julie, Uncle Bruce, Uncle Neil...I will never forget. You will always be in my heart.

“ My Grandma was such an amazing woman. She was so full of love and laughter. She touched a lot of people an their hearts. She loved her family dearly. She flew to Heaven on the wings of angels....into the loving hands and arms of the good Lord and Grandpa and loved ones waiting. She smiles down upon us with love and guidance, free from pain. I love you very much Grandma. Hugs an kisses, until we meet again....

Please give Grandpa. Auntie Juju, Uncle Brucie, Uncle Neil an Nana lots of hugs an kisses for me...

“ *My Grandma was the most beautiful lady on both the inside and outside. She raised 9 amazing children who went on to have their own wonderful and loving children who loved and cherished her. She loved us unconditionally. We always knew that her house was a house full of love, laughter and hugs! She was my everything growing up: my grandma, my best friend, my confidant, my playmate and my savvier and I will be forever grateful and thankful that I was honored and gifted with this special lady in my life. I miss you Grammie and selfishly wish you were still here! But at the same time, I am so happy to know that you are now with Gramps and your family, out of pain and smiling once again! Until we meet again, fly with angels Grams and always know, I loved you when you were here and I will love you for the rest of eternity!*

"Grammie" Boy you were so strong and a very out going person, loved your yard work and anybody you met. I was very lucky to have been someone you smiled at and gave me hugs. I was the lucky person to know you. You will be greatly missed. Please hug everyone for me and tell them they are too missed. Wish there was a phone in heaven or stairs to reach you all. Until we see each other love and miss you
