“ *To Anita's family and loved ones,*

Anita was very dear to my heart, she was so caring and compassionate and always wanted to know how I was doing, no matter how she was feeling. She rarely complained despite the pain she encountered and was a cheerful, outgoing, positive and loving woman for the years I knew her. It is with a heavy heart that I say farewell to my friend....may her memory live on with you all forever.

Best,

Sue Sadler
