*So shocked to learn of Betsy's passing. Many happy memories of riding at Ridgewood Farm. Betsy was a great trainer and first and foremost a wonderful person. Her passing leaves a huge void in the Santa Barbara horse community. She will be missed by many. RIP Betsy. My condolences to Woody and her family.*

“ My mother, father and I first met John and Betsy almost 30 years ago when they moved next door to us. My parents instantly clicked with John and Betsy as they were such animal lovers, as were we. I remember they would all get together and laugh and talk. It was a wonderful time...

We would sometimes look after their two goats, their pony, Belle and Sara the donkey. Years later when my father passed away in 2005...My mother and I were greiving so terribly and needed help moving from our house. John and Woody helped us to move from our old house to a new one. Unfortunately, we were not allowed to bring my dad's dog, Harley, to our new home so we asked John if he and Betsy would be able to take him. To which John replied. "We would be honored to take Harley" Betsy would give our dog special medications and special food as he was an older dog that had arthritis, cancer and hip problems. My mom and I would often go visit and Betsy always made us feel welcome and told us to just let ourselves in if we wanted to see Harley. About a year and a half later, John compassionately told us that he felt Harley's quality of life had deteriorated and that he thought it was time that we have the vet put him down. We brought Harley to our new home and had the vet come over and he went peacefully. Not many people would take on a sick and dying dog for a friend but John and Betsy did.....That was the kind of people they were.

I want to thank John and Betsy for their tremendous amount of love and support that they showed my mother, our dog Harley and me, upon my father's passing. They were wonderful and kind people and my mother and I are so deeply shocked and saddened by their passing.

Woody, our thoughts and prayers are with you at this time. You were the light of your mom and dad's life and they so often said how proud they were of you. We are sure they will always be with you and continue to be proud as you live a wonderful and happy life. This is what they want for you.

*May God bless you Woody. We wish you and the families strength and healing at this difficult time.*

“ Please accept my condolences for the loss of your dear loved one, Betsy. Take comfort in knowing that our heavenly Creator cares and understands your pain and as such he will provide his loving support. A beautiful scripture which comes to mind is Psalms 34:18, " Jehovah is near to those that are broken in heart; and those crushed in spirit he saves." Another scripture which is really encouraging is Philippians 4:13, " For all things I have the strength by virtue of him who imparts power to me." For many taking refuge in God's Word has proven to be a true source of comfort, and I hope it will do the same for you and your family.
