

## Doris Peterson

January 30, 1923 - February 9, 2017

Doris Peterson 1923 - 2058 (2017)

She lived - she loved - she had a husband she adored .(Most of the time) Her three children Donna, Diane, and Dick were not responsible for her gray hair. Her heart was packed with beautiful friends and relatives, and she died with a smile on her face, fully content from all the chocolate she had consumed in her lifetime. "Viva la Chocolat!"

“ I loved Doris and was so fortunate to have known her since meeting and working with her in 1989 at Cottage Plates on Agate St. on Balboa Island. She had a wonderful sense of humor and was so generous with a big heart. I was blessed to have moved across the street from her on Garnet St. on Balboa Island in 2005 with my husband where we shared many a happy hours with she and Don and the other great neighbors. Doris and Don were the center of Garnet as neighbors were drawn to their warmth, kindness, playfulness, laughter, generosity and joie du vivre! I know Doris could have eaten chocolate and nothing else, we often did! I so appreciate the love I received from Doris and Don and I will always love them and hold such gratitude in my heart for the wonderful friendship we shared. Coleen Scherf-Ghara
