“ Dear Margie, Your mother passed my remembrance in the past few days, and that motivated me to google her name, and the Obits came up. So sorry for your mothers passing, but mid nineties and the wonderful live she led. All is true in her obituary, that was written so well. As I reflect back over the years, I have such wonderful memories, and it's so good that you only remember the good stuff, like the 60th, 62nd, or 65th birthday party that you kids gave her. She said, she wouldn't be able to tell another lie, as we all know what her age is. I'm one of the friends listed that have such fond memories, of your mother (Dorothy). Hope my note gets to where you will find it. Wishing you the best!! Barbara Lubke 851 Court St Apt. # 32 Elko, Nevada 89801
