“ My condolences to Rose and all your family, your mom was very lucky to have had such a wonderful loving family to take care of her and be by her side to the end. I did not know Frances real well but when she came into our department at Kaiser after she had a doctor's appointment she was a sweet lady who spoke to everybody, whether it was gardening and she once told me to drink gatorade for my cramps that I was getting in my legs, Rose stay strong my friend through this difficult time, your beautiful mom will live in your heart. “ To Jessie and family, I am so very sorry to hear of your Mom's passing. My thoughts and prayers are with you all.

*I didn't know Frances too well, I only met her a few times. One of the things I remember is her love of roses. She told me how you can take a trimming from a rose bush and plant it and it will grow. I did this after she told me about it, and guess what it is growing. Whenever I see this little rose bush, I think about your Mom.*

*She raised a great daughter in Jessie, so very strong and loving, a wonderful friend, and from the stories I hear about the rest of her children, it is equally true.*

*God bless Francis and all of you.*

*Love
