I just learned of Frank's passing. Just minutes ago I found a fax number that appeared to belong to Frank. I sent Frank a letter expressing my desire to make contact with him. Frank was my very best friend from grade school through High School. I honestly feel a huge loss knowing that he is no longer with us.

Both Paul and I have tried to find you and Frank with no success. I did find some public records that say you are married and live in Las Vegas. I hope you have had a blessed life. I really liked you growing up. I don't recall ever having a harsh word with you. I also loved your mother and father. They were like a second parents to me. I heard of their passing several years ago as well.

I would love to know more about Franks life. I heard he was confined to a wheelchair but that's all I know. Please tell me a little about your family.

I live in Orange County, married with 4 kids and 5 grand kids. Visit my face book posting. My kids provide the info and photos. I am not into social media (smile).

“*Frank Putnam Flint III is my uncle. He was also a man with unwaivering strength and optimism. He was couragous with all of his battles even at the end. He is someone who touched many lives with his jokes and smiles including my own. He is now in the comfort of the Lord, and finally at peace. We all love you. I love you! See you on the other side.*
