“ I worked with Frank for many years when I was principal of La Colina Junior. It was a pleasure to work with him. He was always upbeat and friendly. Most importantly, he did a fine job with students and I was always comfortable with his recommendations. I have fond memories of him.

“ Frank was a wonderful colleague. He was always in a good mood and you could count on him to be so positive and have a smile on his face. He will be missed greatly.
Rondi Campbell
School Psychologist

“ I met Frank in 1969, while teaching at Garfield School. Frank was the district's psychologist. If a child had problems at a certain school, he would transfer the student to my school of sixth graders, knowing I would work well with them.

Since both of us were Christians we had a great working relationship.

My wife Eugenia and I minister in music and the Word at church, rest homes, and home groups. Frank was receiving care in a home facility where we provided a spiritual service in music and reading of the Word. Frank was always appreciative in what we provided twice a month. It was one of these Sunday afternoons we met Frank's son Paul.

Often times when the passing of a Christian loved one, I hear them say we lost a loved one. Not so! We know exactly where they are; that is in their heavenly home where there are no more aches or pains. Frank is home!

May God bless you Paul and yours, in this time of grieving. God's promise is comfort for those who mourn. Glen and Eugenia Cook

RR

Frank Johnson worked for us as a psychologist in the Carpinteria Unified School District. He was such a delight driving up to the schools in his little VW bug wearing a hat and a big smile. He would crack me up when he share his results of assessments at a meeting starting off by telling the parents of the students that their child was "smarter than a salad bar!". It always got everyone laughing and set a positive tone. Frank also was just learning how to use the computer and he became quite a master at solitaire during his break and lunch hours. He still wrote out his reports in longhand though and our secretary typed them up. We'll miss him :)

Ruth Rech (Director of Special Education)

Glen, Thank you for your words concerning my dad. He is now home with my mom and sister and out of his confinement that was holding him back from being out, passing out Bibles, attending worship, enjoying fellowship at church and sharing his faith in Christ. His struggle is over. In Christ, Paul
