I sit here in shock after just learning of Lee's passing. I am honored to have worked with him and to have known him and Betsy during their time in Fulton, KY. His smile could light up a room and his humor could cheer one up even on a bad day. He will forever be truly missed. My thoughts and prayers go out to Betsy, David, Joe and Sharon at the loss of good man way too soon. Sincerely, Betty Hall

“Mr. Johnson was always a bright light when he would call the office. I just found out Lee passed away. How awful. It crossed my mind a few weeks ago, I have not heard from him. I thought maybe he and the family were on holiday. I will miss hearing his wonderful, cheery voice. Lee was always so kind to ask how I'm doing and the family, did I have a great weekend, etc.

I know this is my job, but I become quite fond of the people I speak with on a daily basis. Mr. Lee Johnson was most definitely one of them. Again, I will miss speaking with Lee. My deepest and dearest sympathies to you Betsy and Family. May Lee's sparkle of light be with you always." Deepest Regards,

“Betsy, I am so grateful that I was able to get to know you just recently through Lee and I'm so saddened by Lee's loss and what it must mean to you. Lee brightened my day every time I was lucky enough to be around him. He made the things I did around him more enjoyable and something to look forward to. I am a better professional because Lee was part of my trusted circle of advisors, and a better person because Lee touched my life. I'm certain that somewhere, somehow, Lee is working on mastering Bach and I will never hear that music again without his memory as a part of it. I will miss him dearly and will keep you and others dear to Lee in my prayers.

“ I was saddened to hear of Lee's death. I met Lee about five years ago and we have worked on trust matters with clients over the years. I so enjoyed those time talking to Lee. He was always so kind, thoughtful and had a great grasp of the law. I will always think of him with a huge smile on his face. I am sure he will leave a huge hole in the Santa Barbara legal community, both as a fellow lawyer and for those whom he served.
I will miss you Lee.

“ Sharon my little sister, Joe Betsy and Kevin. I will remember Lee for all the joy he brought to us. What a blessing to our family! I can only remember good comments from Mother about Lee when she lived you . Lee was such a blessing to mother in her old age. Lee brought you -Sharon and Joe-a lovely daughter-Betsy-to love and hold dear.He always made excellent choices.What a wonderful brother to Kevin. When Kevin saw Lee he would clap his hands and smile so big. Sharon you and Joe should be so proud and complimented for the fine young man you raised to share with us.Yes, we are all so sad to give Lee up and we have that big WHY --but we have such wonderful memories of a life well lived! Blessed are they that mourn for they shall be comforted. You shall know the truth and the truth will make you free.

“ Lee became my big brother by marriage. One of the happiest days of my life was when he wed my sister, Betsy. I was happy because I knew that he would be the best for her, as she was the best for him. Those are actually perfect words to describe Lee: 'the best.' Whether he was being family, being a friend, giving comfort, giving a hug, telling a story, being patient . . . Lee was the best at it. I adore my big brother, and I'm so grateful for all the memories we have of him. Loving thoughts and hugs to Joe, Sharon and Betsy, from Meaghan and Mark

“ Dear Betsy, Sharon and Joe,
We were so sad to hear the unexpected news about the passing of Lee. We think the last time we saw him was at a family reunion up in Meadowlands, Minnesota. At that time he was already well on his way to becoming the wonderful man he became. We were always amazed when we would hear about another one of his accomplishments. Time may pass, but the memories of Lee will always live on and the love family and friends have for Lee will always live on too. Ours thoughts are with you all right now as we send prayers, hugs and love.

“ "We all want to do something to mitigate the pain of loss or to turn grief into something positive, to find a silver lining in the clouds. But I believe there is real value in just standing there, being still, being sad."

I have only worked with Lee for a little over a year - but I will truly miss him.

“ I was privileged to have known and worked with Lee for two short years. His affable charm was always there, our bright spot in the office. Lee was extremely professional, but always had a smile or a laugh with clients and colleagues. It is heartbreaking not to have him still with us. I am so very sorry for his family and friends' great loss. God bless and keep Lee.

“ Dear Betsy, David, Joe, and Sharon,

I like to think of Lee as one of God's bright lights that Jesus speaks of in the Sermon on the Mount: "Ye are the light of the world." I also like to think of him in the present. As his light of love, humor, intelligence and spiritual sense burned brightly here, blessing family, friends and others, it still radiates to those who he is with now. As he lighted up hearts with his love, minds with his intelligence, and faces with his humor, he does so now. A loved and loving husband, a loved and loving son and son-in-law, a loved and loving brother and brother-in-law; a loyal friend, a valued church member, an esteemed colleague. One can feel Lee's life-light touch and warm the heart, thinking of him.

Much love to Lee's dear family,

Aunt Mary

I am so shocked that I cannot think straight. Lee was certainly a favorite of mine, a wonderful student and friend to me. A strong memory was the night of play practice when we learned of the earthquake in San Francisco and all of his family was either there or on their way home. We talked, prayed, worried 'til we knew the family was ok. Richard and I will keep all of you in our prayers.

“ Lee was simply lovely- a lovely man, a generous heart, a noble soul. He was funny, kind, respectful, upbeat-- just a beautiful guy. We got to know each other during the Germany abroad and I instantly liked him and enjoyed his company (and was amused by his Kentucky-German accent). I'm grateful we reconnected in Santa Barbara a few years ago. It was great to spend some time with him and Betsy-- and witness their easy companionship, support of each other, and general joyfulness... Betsy, my prayers are with you during this challenging time. I'm very sorry for your loss.

“ If you had a tough decision to make--the kind no one wants to face--Lee was the truest type of friend. He would say what needed to be said, popular or not, and he would put aside his own concerns to stick with you until he knew you were on the right track. Lee regularly displayed the most tremendous character, but from a very humble place. (Kyle Miller, college friend)

“ I was two years ahead of Lee at Principia College and can claim the distinction of being his first roommate in Brooks House South, House of Champions. It was a pleasure getting to know him, and I'm grateful to have had him as a house brother. His father-in-law's remarks are spot on, and I too can attest that Lee was a true southern gentleman and an exemplary man. Even though I was two years older, I felt my own personal stock increased when I was with Lee, and I always enjoyed having him with me in social situations. I didn't keep in close contact with Lee after college, but I will always cherish his generosity and graciousness in providing me with helpful advice when I started my own business nearly nine years ago. I just asked a couple of questions, and Lee went way above and beyond to give me lots of good information that put me at ease about some of the decisions I was making about how to proceed. He treated me as if I was a "friend for life," and I certainly feel the same way about him. My thoughts and prayers go to Betsy and the rest of their families. I'm so grateful to know that Lee is an indestructible spiritual consciousness, and that he is forever with his Father-Mother God.

“ J. Lee Johnson, my son in law was "the son I never had". I just loved him. He represented the essence of manhood: courage, strength, compassion, empathy, a highly developed sense of culture and ethics without dogma. I never saw him angry or treat anyone with anything other than respect, regardless of who they were. He loved music and was an accomplished pianist; I loved to hear him play.

Lee worked hard to discover his métier in the law and it made my heart sing to watch his career develop to a very high level of accomplishment.

Lee and Betsy had a magical love affair throughout their time together, demonstrating continually their commitment to each other.

Lee's too early passing seems a travesty and leaves a huge gap in my life. I will fill it with his being -- his way of doing things and the fondest memories of his presence.

He will be much missed but be much remembered and honored.
