“Woody,
I just found out about your folks through an internet search.

They were pretty awesome people. Even though I rarely saw your Dad, he was always large in my life.

*Respectfully,
Tom Swenson-Healey*

“Woody, your parents were amazing people who cared about each other, their friends, the community, their family and most of all you!

I was very fond of your mom, she was a rolemodel for me after I lost my own mom to cancer at 25. She doesn't know this but she helped me through a very tough time in my life. She had high expectations of me as a rider and person she inspired me to be the best I could be, she was my mentor...

I admired your parents with their busy lives to make sure they had family time with the three of you, she made sure her clients knew that you and your dad were top priority.

I have many fond memories of you on a bicycle ride with your dad on the child seat, your helmet was almost the same size as you, (you were about 3) Your mom would wave goodbye to you with a huge smile and off you would go riding down the bike trail. At the end of my lesson your dad would ride back and you were sound asleep...

I am so very sorry for your loss, I hope you have someone helping you get through this very sad time in your life...

“ Dear Woody,
Your parents were the most warm and caring people with many many friends who cared deeply about them in return. Recently, your Mom told me how proud of you she was, and that she was so happy that you had found your calling in music. Her love and devotion to you was very clear, and we reminisced about when you and Andy were little boys, you were in charge of handing out ribbons at the horse shows, and patrolling the showgrounds on your bikes. She was Mom to many of us at the barn and at horse shows, so thank you for sharing her with all of us. I fondly remember your Dad as the gracious host of riding club dinners, and the fact that he was always so cheerful and genuine. This is a very heavy burden to carry for someone as young as you, and we are so deeply sorry for your loss. You are in our thoughts and prayers.

With love from Rhea, Steve and Andy Hayes

John Locke was a great man, he was always cheerful, ran the Tavern so well, and will be missed. It has been a pleasure to work with John on Audrey's home. He was always so willing to help. Betsy was a delight and I remember her smiling face and laughter. They will be missed by our community! My condolences to their children.
