“ I only recently learned of Laura’s passing. I was one of her students in SBCCs radiography program 1983-85. She was one of a kind. I was kind of an ‘old soul’ and I think we hit it off because I could relate to the loss of her husband. We would often go to Sambos restaurant after class and she would tell me all about him. I was 20 at the time. She was a good listener, as I was also, and I have fond memories of her. At 59 years of age now, I think of her each time I’m in Santa Barbara. ❤️

Laura & I worked together at SBCC co-teaching the radiography classes. I worked with her 1974-1976. She was so knowledgeable & it was a joy getting to know her & her family. Ed was alive and such a wonderful man-a perfect husband for Laura. I’m sorry that she is no longer here. Would have loved to see her one more time. I have returned from living in Illinois for the last 40 yrs. & was going to be in Santa Barbara the end of October. RIP Laura. You were an amazing lady

Laura, such wonderful memories for you! I’m sorry you didn’t get to see her before she passed. Time and distance are two hurdles that we often face, but in the end it’s the memories you created together that matter. I hope you enjoy your return back to Santa Barbara! Happy upcoming holidays to you.
