*Laura and I were friends from second grade through high school, and lived on the same street for many of those years. Such a heartbreaking loss of a good friend and sweet spirit. We'll miss you Laura.*

*So very sorry for the loss of a beautiful friend. We were best friends throughout our junior/senior years at Westlake High School and continued throughout the next year in Ventura -- until school and life choices led us in different directions. So sad to have lost touch over the years... She was a treasure to me and someone I will never forget.*
