“ I was saddened to read of the death of Margaret. She worked with me in the Business Office of the Santa Barbara School District. When I came in 1976 I recognized her as one of the outstanding accountants in the Business Office. She held a very responsible position overseeing all of the expenditures of two separate districts (elementary and high school).

She became a valued friend. I have never forgotten the many hours of overtime during the budget reductions crisis resulting after psassageof Proposition 13.

My condolences extend to her family whom she loved very much.

It is with a great sense of loss I remember Margaret a a great friend and a wonderful women. We not only worked together at the Santa Barbara School Districts but we also Sorority Sisters. I remember the good times we had traveling together a number of times. Also I remember the good times we had at all of our Sorority get-together's in parties and Bar-B-Ques.

She showed her Christian love when she allowed me to live with her for a few weeks in 1981, when I came back from Nebraska, to give me time to find an apartment and a job. It was greatly appreciated. Also, when our Sorority ha lost a number of members, those who were left still got together for lunch and at Christmas time, with her daughter's generosity, we would have our luncheon at Jan and Tony' home. This gave good memories with Margaret as hostess with Jan.

Since I know she loved her Lord God, I know she is very happy to be home with Him. It is with my very deepest sympathy to the family she loved so much that I send my hear felt condolences.
