MARIE DENISE MARINO

Marie Denise Marino, 67, passed away on June 18, 2025 in Santa Barbara, California, from respiratory challenges.

Marie was a special person with unique talents. She had heightened perceptions about people and was a keen observer of social situations. As a child, she could spin jar lids on anything and used a skate board like a scooter. Although limited in verbal communication, Marie was expressive in conveying wants or needs and had positive social connections at school. She loved living at Hillside House in Santa Barbara, California, and also attended Alpha School. Her favorite activities were art, music, dancing, swimming the doggie paddle, riding a 3 wheel bike, learning words with picture cards, field trips, working in the cafeteria, and feeling independent.

Marie inherited the Marino musical talent gene. She especially liked Brian Setzer's Swing Band, and kept perfect rhythm to the music. Had she become a drummer, she could have given Gene Krupa a run for his money!

Special family traditions were Sundays at church with her mom, Mary, singing hymns, then going for a fast food burger, followed by a leisurely walk. She had fun driving with her dad, Tony, "helping" him steer the car. Opening "Honey

Bunny” mystery Easter baskets was a holiday highlight. Marie delighted in the family singing “Happy Birthday” to her and blowing out the candles. -But the best part was the cake!
