“ Mike, I remember you when I was in my teens (late 90's early 00's). All us youngsters looked up to you. When you got your SS Camaro you, Josh Lillyman and Steve Bonneck basically re paved Goleta's streets with tire rubber. R.I.P. brother

“ I can remember when I was in Jr High and hung out across the street from Mike and his red Charger, I wished I could be as cool as him when I grew up, even when Mike and Josh would play Big Brother pranks on us!

“ My Dearest Michael,
I was lucky enough to meet you through my husband but you were always MY friend too. From the moment we met I felt we had a connection and you have always had a special place in my heart. Sitting in your car listening to Sweet Leaf, the best Magic Mountain trip ever with Ty and Joshy - I have never laughed that hard - as I led you all around by my belt loop! You, me and Ty - our trip to Colorado when the beaver smacked the water and you almost capsized our boat, hiking to the nonexistent lake to catch nonexistent fish, endless riding and camping trips, hiding at your house so I could smoke when I said I had quit, making you mixed tapes.... So many memories they seem like yesterday. We lost touch somewhere in the middle and thankfully found each other again. Thank you for sharing your last moments with me, I miss you so much and am beyond devastated you are not here to share more memories with us. We haven't finished laughing yet dammit! I promise to keep your memory alive, to remember you always, to talk about you with my daughter and share memories with your lovely wife. We miss you babe - hope wherever you are there is rocking music, fast cars and all the other good stuff I need not mention. Till we meet again my friend.

Love,
Laurie Montee

“ Mike, Michael Hoss, bunchanakedladies. We were neighbors growing up so we got to spend a heck of a lot of time together. I can remember waiting at home after school and listening for the roar of your El Camino coming down the street and your loud music. As soon as I could hear you I would run out in the street and wait for you. We were inseparable from then until our parents finally made us come home. We would hang outside ride skateboards, cruise your car, smoke cigarettes, light leaves on fire with gas from my dads truck and just about anything else we could find to burn, eat tons of pizza with ranch until we were sick. You were always there for me and had my back no matter what. You taught me so much stuff every single day. I got in to the hot rods and of course I had an El Camino because of you in fact you were the one that found it and went with me to buy it. I'm so damn sad you are gone but don't think you'll ever be forgotten your a legend and you know it. I Love you BRO. And already miss you so so much. Josh Lillyman

“ Mike you will always be one of the best friends I will ever have. Tough as nails, biggest heart, sharp as a whip. Some of the best times of my life with you, our buddies, the hot rods, the Habit. Will miss you forever brother.

“ *Michael was a nice guy all the way through High School and beyond. He was a classy guy. He will be missed. I remember him giving me some help a few years back at the locksmiths shop. He was so generous. I remember at Dos Pueblos back in 1989 that it was a pleasure having him on the Varsity Football squad.*
