

Nicholas George Tragos

August 28, 1944 - July 10, 2012

Born August 28, 1944, passed away after a six year battle with lung cancer on July 10, 2012.

Nick was born in St. Louis, Missouri and educated in that state. His professional life was dedicated to health care in Chicago, Bakersfield and Los Angeles, California.

A long time resident of West Lake Village, he moved to Montecito to live with his brother Bill and sister in law Lilli Tragos.

While fighting to recover from his stroke of five years ago, he enjoyed the activities and was encouraged by Santa Barbara institutions like Cottage Hospital Rehab Center, Jodi House, and helping as best he could as a volunteer at DAWG.

Nick will be remembered as a dog lover, with a special attachment to the many German Shepherds of his life, a loving and fun-loving, generous brother, brother in law, uncle and great uncle.

The family wishes to thank the exceptional loving support of his care giver of more than three years, Maria Cardenas, and the kind, sensitive care of the whole team of beautiful people at Serenity House.

There will be a Trisageion Greek Orthodox service at Welch-Ryce-Haider, 15 East Sola Street at 6pm, Thursday, July 12. Funeral will take place the following week in St. Louis, Missouri.

The family would appreciate any memorial contributions be made to the Nicholas George Tragos Blessing of the Animal Fund of the Santa Barbara Greek Orthodox Church, 1205 San Antonio Creek Rd.

“ Dear Lilli,
I knew Nick from volunteering at the Project ReEntry group t Rehab.
He was a very intelligent man and always had the answers readily
available when we played trivia games. His caregiver, Maria, was a
great person and took good care of him. I met you at the Caregiver
group and I hope you are doing well.
