“ *To Barbara and The Family:*

We were so sorry to learn of Norm's passing. We have known him since 1989 and have many fond memories. Probably the most unusual memory was when Norm and Steve had to spend the night in Steve's Mom's home because the 101 between Ventura and Santa Barbara was closed by flooding.

Please accept our sympathy and prayers.

We understand that there will be a celebration of Norm's life. Has a date been set? If not, please let us know when.

“ To Barbara & Norman's family: Please accept my condolences and prayers to the family on Norman's death. May he rest in peace and may the memories you have be a comfort to you all in the days ahead.

I may have known Norman the longest of those who will be sharing their memories of this wonderful man. I (Barbara Coen Armstrong), my mom (Buffy Coen), and my brother (Marty Coen) grew up next door to Norman and his dad (Roy) and mother (Eudie) Savage and knew most of Eudie's Texas relatives. While we were still young kids, my family moved from next door to the Savages to another home only a few blocks away in the San Roque area. One of my fondest memories of the Savages was the night that a very severe thunder & lightening storm struck the area and my family drove over to the Savages because they weren't afraid of such storms but we were petrified. We stayed quite a few hours until the storm subsided and we could go home. Although I did not stay in touch throughout the recent years, I did see Norman at my mother's funeral 8 years ago and we had a good time reliving old memories. He will be missed!

Thank you. Barbara - I remember celebrating your Mother's 80th (I believe) at Encina Royal. Norm told me many stories of the old days and had fond memories of all his wonderful friends. Thank you so much for writing - he was one of the really Good Guys and we miss him so much!
