

Pauline Ryan

February 28, 1948 - January 7, 2024

"So come with me, where dreams are born, and time is never planned." -Peter Pan

Our Lady Pauline Windsor Ryan left us embarking on an epic adventure to Heaven, just as she approached her life. Pauline was born in England, February 28, 1948 and passed away on January 7, 2024 just prior her 75th birthday, in Santa Barbara, California.

Pauline was a lifelong Academic. After graduating high school in Paris, France, she continued on to England University. Upon graduation she then proceeded on to Oxford University where she graduated with a D.Phil (Oxon.) in Anthropology earning additional honors. She received several Fellowships; Fulbright, Yale, Harvard, and Stanford. She travelled the world and touched so many people. She settled down in California in the 1980's.

Pauline's love of animals was part of her life from the beginning. She had several breeds of horses that she rode and she taught dressage, as well as donated to animal charities.

Pauline leaves behind many friends and colleagues from around the world who will miss her dearly.

“ *Pauline had the biggest heart, always a kind word and full of love and stories. She loved her animals, cared for everyone and made everyone she connected with feel special down to every little detail. I still cannot believe she is gone...she is gone too soon. She lived a crazy full life, one most only hope to live accomplishing so much. Heaven gained an angel. One we will miss terribly, until we meet again Pauline! xoxoxo Christa*
