“ *My Uncle Big Rich as I call him was and is a great man with a big heart. His laugh was so contagious because comedian he was. As teenagers is was always our chaperone. The only way myself and auntie would get approval from my gma to go out, he had to be the driver. But he didn't mind. He got to take girls out and meet our friends to reassure himself tha they were okay. I will never forget him, it just doesn't seem fair at 66years old he has left us. But I know God has walked through the valley of that shadow of death and he fears no more. Forever Rest In Peace and please tell those you see Hi from me.*
