

Rosalinda Jacquez

January 31, 1962 - September 28, 2014

Rosalinda Jacquez of Santa Barbara passed away on the Morning of September 28th to be with her Lord and savior.

Mom was born on January 31st., 1962 to Manuel and Emily Jacquez. She was 52 years old. She is survived by her two sons; Reyes Jr., Michael, and grandson, Gabriel. Her sisters, Anna Jacquez - Garcia, Cecilia Jaquez - Lopez, and Lisa Jaquez - Quiroga. She is joining her brother, Manuel Mathew Jaquez in the great beyond and leaves many nieces, nephews and wonderful friends.

Rosalinda attended Guadalupe School. She graduated from Bishop Diego High School and SBCC / Antioch University with a Masters degree in Psychology. She worked in several schools in the local area, but was steady at Cleveland School working with children.

Mom loved her family and she was not afraid to admit it or show it. She loved Mike and I to death and sacrificed a lot for us. She was very close to her sisters, her parents, and her grandson.

Even though Mom was not in the best of health through most of her life, she fought it with class and dignity. The disease she had was not kind and she was in pain 24/7, but she would never let you know that with her laugh and big smile.

Mom was very giving. She lived a very modest life. She did not have much, but she would always offer what she had and there was plenty of love to with that. She was known to the family and friends for her cooking and cooking way too much!!! You could not leave Mom's house without a belly ache because she would make sure you over ate before you left.

Then she would "roll her famous eyes" and say, "I thought you said you were not hungry?" and walk outside to "have a puff."

"Mom, we will never forget you, your laugh, your smile, and your hugs. We will always have a shot for you the day we lay you down but we will never say goodbye. Love you Moms..."

“ *Rosa I miss you so much already, I miss your big hugs and the long conversations we use to have. The kids love you so much, I remember I would always tell you don't give them candy they get to wild and you would say it's ok they are kids and behind my back you would pull out the starburst. I have many memories with you but the one that always sticks out us when I was about 11 you use to take us to the gym, after we were done we would end up at the Chinese restaurant, I would tell you this makes no sense, I thought we were on a diet and you would always say hay these kids the things they say. I'm going to miss you a lot for the rest of my life, I love you always tia.
Rey, Emily and Jacquez family sorry for your loss.*

“ *Rosa.... you are one true friend that I could count on-even in High School when we were in the Dean's office-you had my back!*

*I miss you so much. Our talks, your way of making me feel better about me and giving me what I needed. I am selfish and wish I could have you here BUT I know how happy you are with our Father in heaven and Jr.
Forgive me for not being there for you!*

I love you Rosa..... Mimi

“ *To Emily,
I treasure our conversation in the K-Mart parking lot! Whenever Rosa and I saw each other, we picked up our conversation as though it had only been weeks not years that we last spoke! Mom to mom--heart to heart--both of us caring deeply about all that was happening, especially in the lives of our children! You raised a beautiful daughter! My love and prayers for you as you feel the pain of loss.
Continuing prayers for Reyes and Michael; their kindergarten teacher loves them!
Blessings on you, dear Emily!

“ To family and friends,
What a kind and generous person she always was. Loved to laugh and we had many wonderful dinners! She will be missed at the pool because she so loved all the kids and they loved her. She had made many wonderful friendships i being one of them. Though i only knew Rosalinda a year or so but saw her almost every day for a chat it will be painful.I am very sure she was welcomed in heaven with open arms by our Lord.
Bless you Rosalinda

“ My Rosie, if I could only talk and hold you one more time. You were so different then your sisters in certain ways, one that didn't have much in material ways, But had more than we did in religious ways and I see that's what has made you a free ticket into heaven. In your mothers eyes Our lord and Saivour has reached out took you by the hand and took you home. You will never suffer again with the pain from the illness God has bestowed upon you. I, so believe Our Lord tests us with pain in some form, yours was illness. And you took it to the end. The almighty says your test has been pasted in my eyes my child, Now it's time to come home with me in the glory of heaven where you shall have no more pain. Fly, fly, fly my baby doll, I'll be with you soon. My Rosie, be at those pearly gates to meet this earthly mother. You were loved by so so many out here, go in peace my Rosie, you have earned your purest wings. Momma will miss you forever. My heart is broken. 💔
