“ Bill was a great man to know...funny, kind & humble. He will be missed. He was a friend of mine in the late 70s & 80s. It saddens me to find this obituary. My condolences to his family...i had the biggest crush on him when i was 21.

“ The most valuable aspect of close friendship is the memories that we take with us. Bill provided all his friends lasting ones. That's the best thing about them; they all belong to us who knew him. I have a bushel full and I intend to keep them vibrant and alive. What else is there to say Willy? You know who your friends are. I'm one of them!
